

PEAK Construction's recurrent gained victory

Revealing the willingness, responsibility, honesty and being the source of prospective and beneficial projects, in summer 2009 Peak Construction at the head of Mr. Gurgen V. Potikyan undertook the reconstruction and renovation projects of Cascade Complex and Tamanyan Park.

Being comprised of highly skilled and goal seeking staff Peak Construction was able in three months period of time successfully accomplish the construction works of high standard Cascade Complex.

“We did our best to build up one of the remarkable institutions in Yerevan—Cascade, for all Armenians and for our foreign guests from every corner of our world”

Gurgen V. Potikyan.
